

Video surveillance at the Ajdovščina Sports Institute

The Ajdovščina Sports Institute (Zavod za šport Ajdovščina) carries out video surveillance of the buildings and areas under its management.

The video surveillance (with surveillance cameras located in the vicinity of the entrances to the Institute and its units – the Football Stadium and the Youth Cultural Centre Hiša Mladih Ajdovščina) monitors all entries to and exits from the facilities and sports areas (in accordance with Article 77 of the Personal Data Protection Act (ZVOP-2)).

Video surveillance is also carried out for the purposes of protecting individuals – users, staff, and visitors – and the property of the Institute (on the basis of legitimate interests as defined in Article 6(1)(f) of the GDPR, in conjunction with Article 76 and subsequent articles of the ZVOP-2).

Video surveillance is further carried out inside certain premises, wherever strictly necessary to ensure the safety of people and property.

Video surveillance is used to aid in detecting, treating or resolving incidents, criminal offences, claims for damages or other claims. The recordings are stored in accordance with the Rules on Video Surveillance at the Ajdovščina Sports Institute.

Video surveillance processing is not carried out in a manner that would result in a significant impact.
